

How Students Access Test Results

Instructors determine what test feedback gets released to students and when. In some cases, students will receive their scores with feedback immediately after they submit their tests. In most cases, however, students will not be able to see their results until after the testing period has closed. If that is the case, students need to know where to go in order to access their test results.

1. **Students find test results in the My Grades tool.** The My Grades tool may be found on the Course Menu of the course. It is also found on the My Institution page.

2. **Locate the test and click on the score that is displayed.**

Unit 3 Quiz	Details	Sep 22, 2011 2:09 PM	Sep 22, 2011 2:09 PM	75.00	75

Click the score which is a link.

3. **Click the score of the attempt you want to open.** If multiple attempts of the test were taken, then they are listed.

Attempts		
Date Created	Date Last Submitted or Edited	Calculated Grade
Sep 22, 2011 2:07 PM	Sep 22, 2011 2:07 PM	67.5

4. **The results are displayed to the student.** The instructor decides which kind of feedback gets released to the student, so this will vary.
